

(NIGERIA MADE PRODUCTS AWARD)

NMPA will honour outstanding Nigerian manufacturers and promote the Made in Nigeria product.

The event is designed to encourage local manufacturers and manufacturing, to be a formidable vehicle for the improvement of made in Nigeria products as well as create awareness, loyalty, recognition, and prestige for locally manufactured products.

The awards will enable consumers to discover new and quality products manufactured in the country.

NMPA is about improving acceptance and sales of our own made products

thereby reducing importation and consequently the pressure on the naira.
